

OCPS Launch

“One Stop Shop” for all of your online resources!

→ launch.ocps.net ←

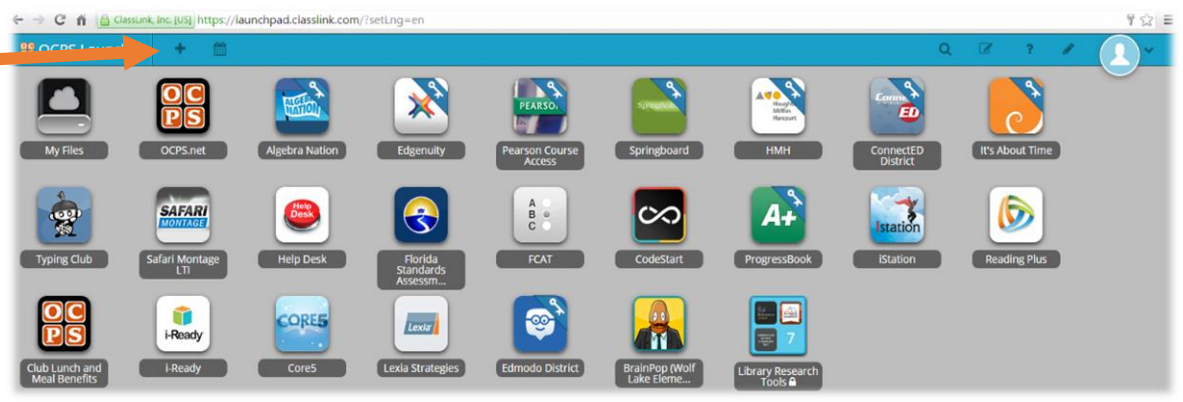

OCPS has created an amazing resource for parents and students! We are moving in the direction of technology based resources and even online curriculum, so how can we make it easier for parents and students to keep everything organized?

We have your answer!

Every student has a launch page where they can store all of their important websites. No more bookmarks needed! It can all be placed right on their launch page and accessed anywhere there is internet access. All you need is your child’s student number and birthdate to use the launch page. Below you will find instructions and resources that may be useful to you.

Add websites to the launch page:

1. Select the “+”
2. Select the button:
3. Enter a name for the website and enter the website address
4. Click Save
5. Return to your launch home page and refresh to see the link that was added

Apps that are currently accessible on the Launch page:

HMH: Science Fusion, Go Math, and Journey’s Reading textbooks can be accessed here

BrainPop: Informative Videos, with practice and quizzes; username: willie2 password: 1771

ConnectED: Social Studies textbook can be accessed here

Destiny (found in the Library Research Tools): WLE library catalog

IStation: Interactive reading practice

Typing Club: Access to a typing program

Important Websites your child may want on their Launch page:

AR: www.arbookfind.com – Search AR levels and points
<https://Hosted321.renlearn.com/2283906/HomeConnect>
 - Check student’s points and quizzes

Online book Resource: www.tumblebooklibrary.com
 username: wolflakefl password: books

ClassDojo: www.classdojo.com

ProgressBook Grades: parentaccess.ocps.net
